

Concept

The Global Youth Awards seeks to highlight and acknowledge the efforts of youth leaders in every field of endeavour across the globe.

Initially, awards will be given in seven main categories. These will be reviewed and expanded over time and in response to consultation with faculty and members of the Global Youth Lyceum.

The Global Youth Awards will culminate in an awards night where laureates will be presented with their prizes. The awards will be a celebration of youth, culture and most importantly music!

Laureates will receive prizes comprising of a plaque, cash (prize), a hamper of corporate products and a scholarship package to help pursue their efforts.

The goal of the Global Youth Awards is to acknowledge the achievements of exceptional young people around the world and crucially to inspire other young people to achieve great heights as their peers (laureates) have and to know that good achievements are recognised and appreciated.

The Global Youth Awards also seeks to create a new image, a new model for all young people around the world to emulate.
