

Membership

Membership of the Lyceum is by recommendation only. In creating the Lyceum, it is hoped that an eclectic mix of professionals, thinkers, motivators, public figures will assist us in selecting the laureates for Global Youth Awards.

Members will also be invited to make voluntary donation on annual basis to help the projects of the Lyceum. Since the Lyceum's membership will be comprised by like minds, members will also be asked to invite 5 other friends or colleagues whom they deem will be immensely helpful in realising the Lyceum's aims and objectives.

There are four degrees of involvement premised on the amount of time a member is able to offer.

Member

We expect that given the busy schedules of many of our target group, 80% will fall into this category.

Key responsibilities include : Voting in all seven Award categories.

Fellow

Members who will be able to offer more time in scrutinising projects and programmes and eventually join our soon-to-be-finalised Mentorship Programme. Input will typically be requested for by email only.

Head/Principal/ or Chair

He or she will accept the mantle of convenor for one of the 7 issue areas that the Lyceum focuses on and by extension the corresponding Award category.

Dean

An individual who has shown dedication to youth development and empowerment and works in a field that is directly or indirectly related to the youth.

All registered members are automatically part of the faculty of the Lyceum. This is the consultative body that votes and makes the final selection of all laureates.
